

Information Ahead of the U21 World Cup

Transportation

We will arrange pick-up at Copenhagen Airport on June 14th and 15th for players, coaches, and supporters who are staying at the official hotel and have paid the registration fee.

There will be a host at the airport to welcome you and assist with transportation to Helsingborg. Due to different flight schedules and arrival times, some of you may experience a wait at the airport — we kindly ask for your understanding.

The buses will then travel to Helsingborg with a short stop at Olympia Bowling, where you can drop off all your bowling equipment. After that, the bus will continue to the hotel.

For players, coaches, and registered supporters staying at the official hotel, we will also provide special bus passes valid on all local city buses. These digital tickets will be emailed along with further information during the coming week.

Important: If you wish to have the tickets sent to an email address other than the one used during registration, please let us know as soon as possible.

Registration Fees

The registration fees must be paid no later than Sunday, June 15th, before the Team Managers' Meeting at 17:00.

Special Event

We have also planned a special event on Wednesday, June 18th, after the day's games — called **World Cup Shine with the Stars!**

Bowling stars such as Jesper Svensson, Martin Larsen, Sandra de Neergaard, Pontus Andersson, and others will join us for an exhibition and play with local youth and fans. Of course, all players, coaches, and supporters are warmly welcome to attend!

More information about this evening will follow.
